How To Install: SourceQ: iOS app seems to be storing data in wrong folder - who else can I ask I have an iPhone app (Version 1.3) that I built a year ago. It stores all of its data in the "Documents/MyApp/Data/MyApp/" folder. I've never checked this with an external tool, so I'm not sure if I'm overwriting something that a current version of the app would use. I have some data that I would like to make public. I
