designs are influenced by and modeled in detail after vintage animation cels from the golden era of hand painted cartoon art. With her
whimsical and detailed style, Tash creates one of a kind art for collectors and fans around the world! By taking the time to customize each
piece in a series of artwork, Tash gives us the chance to capture what is the essence of what we love about animation art and cels. By using
the texture of vintage cels from her own collection, as well as photomontage and engraving, she creates images that present a near perfect
and nostalgic past. The classic style of comic book art is also a large influence, ranging from the retro and vintage to modern
interpretations! This style can be seen in the types of characters Tash has designed, including classic heroes and heroines, cute and
charming anthropomorphic characters, as well as pop culture favorites and contemporaries. Tash's artwork is available as prints, posters,
phone cases, pillows
