## **Fifa 22 Features Key:**

- FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.
- Career Mode - Live out your dreams as both a manager and a player in FIFA 22. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory. Or test your skills as a player, with a more immersive Player Career mode that gives you more ways to progress, achieve, and immerse yourself in your Pro's journey through the game.
- FIFA Ultimate Team, where you can play with your favourite real-world players and clash against real-world opposition.
- Pro Player Rating (PPR) which measures and displays attributes that help players succeed in the offensive and defensive phase of the game. For the first time, PPR analysis allows you to see players' ratings at both club and international level.
- FIFA Ultimate Team Seasons and FUT Champions. Unlock a way to play using real-world players all year round, with the opportunity to compete in real-world club challenges and win a season of FIFA Ultimate Team Seasons that gives you access to the dream loan players that make up your ultimate fantasy squad.
- FIFA Ultimate Team Draft. Use the power of Ultimate Team Draft to make high-powered custom squads of real-world players, and launch them against opposition that is across FIFA real-life leagues and teams. UEFA Champions League and UEFA Europa League games also make their debut.
- FIFA Ultimate Manager. Experience a new, all-new story-driven management mode, in which you are standing in a football manager's shoes, using the tools he has at hand to develop your own squad. And with dramatic new stats and stats-based gameplay, FIFA 22 gives you a view from inside the dug-out so you know your players like never before. You can give players MOTM (Most Improved Player) and MEMO (Most Embarrassing Moment) ratings.
- Configurable

## **What's new:**

- **Movement** - Players now react in a more realistic way to contact, as well as touch.
- **Pass** - Passers now more accurately judge where the receiver is at the time of the pass to present a more realistic pattern of scoring opportunities to the passer.
- **Fouls** - Players now more intelligently react to pressing situations and fouls are often directed to a specific part of the body to improve the probability of a successful challenge.
- **New HUD elements** - The goal impact arcs for headers and penalties now highlight the portion of the net area affected by the ball's trajectory, while the shadowing of boundaries and penalty flags now better shows the direction of the ball.
- **Graphics and Player Models** - Player models now more accurately resemble the dimensions of real-life players and the animation of the ball is now more closely linked to the player's position and movement.
- **UI** - New Compete screen and "switch to set" interaction are now available on the spectator screen.
- **Fraud** - Players now have voice overs available to communicate with teammates, FIFA Ultimate Team managers and umpires over discussions and controversy.
- **Shape of play** - New control schemes can better highlight where the ball is going.
- **Panorama View** - Players now have the ability to move the camera using touch controls to move the view during play.

FIFA is the world's best-selling sports series, now with more than 124 million copies sold worldwide. FIFA Ultimate Team™, EA SPORTS FIFA Mobile, and FIFA manager mode have been enjoyed by over 500 million players since their launch. FIFA will never be the same again. The game will feature an expanded feature set, including Women's National Teams, Clubs, International Teams, and more, bringing a refreshed look to the series for the first time in years. FIFA 22 builds on FIFA 21 with fundamental gameplay advances across all aspects of gameplay, including a new generation of passing, tackling, and dribbling control systems. New Season of Innovation FIFA 22 introduces innovative new features across all modes, including FIFA Pro Clubs for club owners and VIP players, new FIFA Ultimate Team challenges, and new ways to play in FIFA Ultimate Team. FIFA features an expanded Player Impact Engine, which affects the outcome of matches, as well as many gameplay elements, including gameplay control, ball physics, and more. Players can again affect the outcome of the match by making key tactical decisions to dictate match flow. There will be new ways for players to perform these decisions, including a variety of roles and deeper gameplay options. Cross-Platform Play FIFA is the world's first sports title that supports cross-play gameplay between platforms. This means that players will be able to play the game wherever they choose - on Windows 10 PCs, Xbox One, and the Nintendo Switch™. Play Against Friends Cross-platform play enables you to play with friends that have different platforms, as well as play offline on the same console with any online players. FIFA's best matchmaking and networking technologies deliver gameplay that is consistent with your platform, so you won't need to worry about online lag when you play with friends. New Season of Innovation FIFA 22 introduces innovative new features across all modes, including FIFA Pro Clubs for club owners and VIP players, new FIFA Ultimate Team challenges, and new ways to play in FIFA Ultimate Team. EA SPORTS FIFA Ultimate Team FIFA 22 adds Pro Clubs, which can be managed just like a Premier League team, complete with in-game activity and unique leaderboards. Club owners can be any player on the FIFA roster, or real-life professional footballers such as David
