If you want to install the crack, extract to anyplace you wish (its the crack folder you extract from or whatever you wish to extract to). Once its done, open up the file manager and drag the crack folder to the desktop, and double click on the file titled So go ahead and extract the files to whatever you wish (in case you're not familiar with that, install to the desktop). When the install is completed, extract the file found on the desktop called "start-menu-addon-crack.ps" . Double click on the file and it should begin to run. After the install is completed, go into any text editor and edit the text found at "apps/orbitray/addons/GTAV.crack" until the text at the bottom of the.crack says '0b' . Place it in notepad and save. No need to change the.crack, this is only for the start-menu-addon-crack.ps file. Catch the city on the title screen and exit back to the title screen again. Go into the settings and go to the audio tab. Highlight your scanner and change the volume. In my case, I'm using the M-Audio Revolution 7.1 Go back to the title screen and go to the music tab. Select the.zip in the folder ORB-Crack and set the bit rate to 110 kb/s. Set it to automatic and go into the scanner tab. You're going to need to install testdisk. Go to and install it. Open testdisk and select browse. Select the back up testdisk and burn it to a disc or any USB. Go into testdisk and select the and select scandisk, and go to advanced and select fix partition table. Select the NTFS and select erase and save the image. Go back into testdisk and select search. Select the first option and select advanced, and search for ATA. Select the advanced and select recover partition. Select the and create a new partition, and select NTFS. Leave the

sector as it is or anything else. Select the drop-down and select create DOS partition table. Select exit, and select save partition and
